I am a creative designer by profession who always strives to achieve the best quality output in content creation.
As a dynamic individual with a strong design aesthetic, I have designed creatives for digital and print media, created captivating videos, and designed websites on WordPress platform.
I have also helped grow a fresh business vertical into a profitable venture by improving the quality of content produced to match the finest industry standards.
I am experienced at taking up leadership roles in teams to solve problems with a quick turnaround time.
Constant learning and adapting is my motto!
